Corinthian Football Club is the trading name of Corinthian Sports Club Limited.
Company Registration Number: 513287

THE HISTORY OF THE CLUB

Corinthian FC was founded in 1972 by Mr RJ Billings (snr) to provide football in a safe environment, whilst teaching the players the principles that he believed to be important in sport. The motto was simply “pro omnium beneficio”- for the benefit of all, but on the pitch the principles were simple; “Hard, but fair”. Losing wasn’t considered before the game, but if the result went against us then the players were taught to take it graciously.

For the first ten years of the club’s existence we were pleased to welcome such teams as Tottenham, Charlton and Norwich amongst other league teams as well as county and district representative sides as our opposition. On top of these games there were many regular visitors to Gay Dawn Farm from local clubs making up a fixture list of over 60 games per season.

During the 1980s with the arrival of an experienced football manager, Mr Tony Sitford, we progressed from youth football into men’s football playing in the old Southern League. This level of football by a totally amateur club made us unique, but caused problems in the long run in attracting new players. Into the 1990’s we dropped back down to the Kent League and enjoyed many a season in this set up.

Early into the new century we reviewed the whole structure of our football club and decided that we had lost our roots in youth football and this was having a detrimental effect on our senior side. So, we decided to withdraw temporarily from senior football, whilst we rebuilt the lower levels of the club. In 2008 we had managed to create a club running 5 sides, from 13 years old through to 18 years old and it became obvious that we needed to consider the next step in our restructuring. For two seasons we had a liaison with Welling United, integrating a senior side within Welling United and developed a reserve side initially playing in Kent Division 2 (season 2008/09) and then moving on (2009/10) into the Suburban League South Division. This partnership has now come to an end.

When the opportunity came for us to re-enter senior football as Corinthian Football Club, we did not hesitate to take it. Probably 2 years too soon, but the challenge was one we were keen to take. We introduced a second senior side playing in the Suburban League to help us progress our u18’s into men’s football.

The 2010 / 11 season saw Corinthian FC running two senior sides one in the Kent Football League Premier Division and one in the Suburban League South Division plus three youth sides – u14, u15 and u18 in the Kent Youth League. For the 2011/12 season as well as all the above, Corinthian FC had an u18 side in the Ryman Youth League. We feel that that this fills the gap from Kent Youth League to senior football, enabling us to offer a true progression for all our players. The 2012/13, 14/15, 15/16, 17/18 ,18/19 and 19/20 seasons saw the addition of u13 and u15 team playing in the Kent Youth League.

After untimely ends to the 2019/20 & 2020/21 seasons, when the boys were flying high, we are delighted to have retained the main squad, with the addition of some of last season u18’s.

Corinthian Football Club are delighted to have been promoted into the Isthmian League Division 1 South East for the 2021/22 season and are looking forward to the challenge, to visiting new grounds and making new friends.

For our 21/22 campaign we continue with sides in the Suburban League Premier Division, Isthmian u18 East Division as well as the Isthmian South East Division.

EDITOR'S COMMENTS

I am delighted to welcome Brentwood Town FC players, officials, supporters, and today's match officials to Gay Dawn Farm for what should be an excellent afternoon of football – in the Second Round Qualifying of the Buildbase FA Trophy.

If the match is tied after 90 minutes, we will go straight to penalties. There is no extra time or replay at this stage of the FA Trophy.

I would like to take this opportunity to thank the managers and coaches of our teams who give up their time so freely to coach and manage the players.

I have always thought, and said, that the reserve team manager is the hardest job in any club. First team managers are rated on league position and ultimately promotions and cup runs – the success of their season will be judged on these. The job of the reserve manager is to feed the first team, meaning that his “best” players can be taken from him at a drop of a hat to fill first team vacancies that arise through injury and possibly suspension.

So from this, Jack Tebbutt, Corinthian Reserve team manager – who play in the Suburban League, Premier Division (today they are away at Hartley Wintney) must take pride in that he has kept the first team supplied with young players over the last few seasons – Frankie Morgan, then last season Charlie Edmundson, Harry Lashley and Brandon Davey have made first team debuts and now to add to that Harvey Smith has made the step up.

As a club we take great pride in giving young players, who are talented and committed enough, the opportunity to play first team football, this would not be possible without Jack and his coach Jake Stone, so thank you both and well done – keep up the good work!

Enjoy, the match, enjoy the rest of the season, and have a safe journey home.

MANAGERS NOTES:

Good afternoon all and welcome back to 'The Farm' for our FA Trophy 2nd Qualifying Round fixture against Brentwood. We progressed to this round two weeks ago today with a penalty shoot out win over Grays Athletic, who are top of Brentwood's division. The performance, particularly in the first half was pleasing and I thought our energy levels more than matched Grays throughout the first half. The second half we allowed Grays back into the game and I would not say we were hanging on, but Grays were certainly the side in the ascendancy. To then progress with five fantastic penalties scored and an Aiden Prall save of the 5th Grays penalty capped off a good day and should hopefully give the players that little bit of confidence. The frustration is that, the Grays match was our last match played. The Tuesday night match vs VCD was called off due to the fuel crisis and Saturday was postponed as Whitehawk had progressed in the FA Cup. It isn't often you get a fourteen-day break between matches in September – October, but hopefully it has allowed us to get a few players back to fitness and others time to recover, ready for a busy October ahead.

Tuesday night saw Brentwood part company with manager Adam Flanagan by mutual consent, so today is very much a case of the unknown for us. It sounds silly to say, but when you play a side that have recently lost a manager, it goes one of two ways – Hopefully today, we can catch a team in transition before they appoint their next manager, however, we are all fully aware of the upturn in performance level a decision like this may bring! Brentwood are a very good side and similar to ourselves, have been on a run of very tight results that have just gone the wrong way for them. I would like to extend my welcome to all from Brentwood this afternoon and hope you enjoy your short stay with us this afternoon – Other than the result of course!

Having no game last Saturday allowed a few of the players an opportunity to return to the 23s squad to get some much-needed game time. Despite the result, I was very impressed with the performance as a whole and thought we were the better side for long periods of the game. Being a reserve team / Under 23s manager is the hardest job in football, as it is a thankless task. Results do not matter as such, as it is a place to allow younger players opportunities to play football, make and learn from mistakes and to ultimately prepare them for first team football. But we all know that results do matter and it is made all the harder by any players doing well in the 23s moving up to the first team squad – It is no different here! We have had a large number of players come through the 23s and establish themselves as first team players and that is credit to the hard work and effort that Jack Tebbutt and Jake Stone put into the squad and club. They are a great management duo and deserve a lot of praise for the players they are producing, who are forcing their way into the first team picture. I know it is frustrating for them when they lose their better players, but it shows they and the club are getting it right when it does happen – As a first team manager, I very much hope it continues!

Today will be a tough game, with a Brentwood side no doubt determined to prove to the new manager they should be part of his plans, we follow this fixture with a Tuesday night away at VCD who are flying at the moment and beat previously unbeaten Ramsgate last weekend. All games at this level are tough, but as I keep saying to the boys – This is why we worked so hard for a number of years in the SCEFL to get these kinds of games and runs of fixtures, so we will certainly be embracing the challenge today and for the rest of the month, with the players prepared to give their all to get the right result today and beyond.

Enjoy the game,

Michael

CAPTAIN'S COLUMN:

Afternoon and welcome back to "The Farm"! Our last match against Grays Athletic was a huge win for us and a mental stumbling block in which the boys that stepped up to take the pens and Aiden the GK helped the team to overcome as our previous penalty shootouts had not gone in our favour so that felt like a big weight lifted amongst the team. The actual game its self was a hard fought and physical game and we done well to bounce back from going 1-0 down and then go on to get ourselves in the hat for todays game again Brentwood. The FA Trophy has been a good distraction for us this season from the league with a few of our fixtures being decided by the narrowest of margins unfavourably so to put a cup run together is always great for morale and the club as a whole.

This last week has been different to say the least with the current fuel situation postponing our weekend fixture against VCD, however its always good to get time on the training pitch and extra preparation for todays game and with a couple of players returning from long term injuries, Jack "Snake Hips" Billings and Frank "The Tank" Morgan the squad is becoming very competitive in all areas so I think the next few weeks will be positive for "The Hoops"

One last thing Happy Birthday to Dutchy!

THE NON-LEAGUE PAPER

ESSENTIAL READING FOR FOLLOWERS OF THE NATIONAL GAME

By David Richardson

WHAT would football look like if heading didn't exist? Last Sunday we found out at Spennymoor Town's Brewery Field.

The National League North club hosted the first adult football match without heading to raise money and continue the conversation about the safety of players.

The fixture, organised by charity Head for Change, only allowed headers in the penalty area for the first half and then restricted all heading during the second.

Professor Willie Stewart from Glasgow University published research showing that footballers are up to five times more likely to suffer from dementia than the general population.

He believes that neurodegenerative brain disease is linked to heading after further studies showed that defenders were more at risk than goalkeepers, who rarely head the ball.

Dr Judith Gates, co-founder of Head for Change, set up the charity after her husband Bill, who played for Middlesbrough and Spennymoor, was diagnosed with dementia in 2014. Bill, 77, was forced to retire aged 29 after regularly suffering migraines.

"I want people to come away from today with knowledge and the facts that the dangers of heading in football is not a myth," said Judith, who saw her husband kick-off the special match. "We are not proposing to ban heading but there needs to be a discussion about how to protect people who are playing football.

"The time for action is now, the weight of evidence from the studies in this country and the USA means we can no longer ignore this. There are too many former players who are no longer with us because of neurodegenerative disease.

"My husband Bill is here today, but he will not remember it tomorrow. We have to protect the players of the future."

The unique match, which ended 5-5, featured ex-Spennymoor and Middlesbrough players and ex-professionals, some with Premier League and international experience, representing the two teams, Head for Change and The Solan Connor Fawcett Family Cancer Trust.

Team Solan won on penalties in front of 390 people, who witnessed potentially the start of the biggest change the game will have ever seen.

Heading is a fundamental part of football but it is without doubt damaging to the human brain and that's why options are being explored to lessen it.

Being only allowed to head the ball in the penalty area, during the first-half of the fixture, meant there was still a goal threat from crosses and set pieces and long balls could be played forward.

Ironically, James Marwood, the former Gateshead and Forest Green Rovers striker, scored the opener with his head after Gavin Cogdon had hit a post with a diving header at the other end.

There was just one incident when the rules were forgotten and a defender nodded down a long ball forward resulting in a free-kick awarded to the opposition.

When heading was removed entirely from the match in the second half, the change was evident, played more like a 5-a-side game with shorter passing and where aerial duels don't exist.

But this was why the match was an important practical experiment to discover how football would be affected and to keep the conversation going.

BRENTWOOD TOWN FC – A BRIEF HISTORY

Football in the town of Brentwood has a long and colourful history going back to the 19th century when the original Brentwood FC reached the quarter finals of the FA Cup in 1886, where they were beaten 3-1 by the eventual winners Blackburn Rovers.

The current Brentwood Football club was founded in 1954 under the name of Manor Athletic and the first ground was at King George's Playing Fields (Hartswood). In 1957 they moved to Larkin's Playing Field where they played in the Romford and District League, the Southern Essex Combination and the London and Essex Border League before joining the Essex Olympian League in 1967. Here they won the League Cup in 1968 and were then runners-up four years in a row.

Following the demise of Brentwood Town in 1970, Manor found themselves the most senior club in the district and adopted the town name, changing from Manor Athletic to Brentwood Athletic, and then becoming Brentwood FC in 1972. In 1992 Larkin's finally lost its senior status and the Club had to enter a ground sharing arrangement with East Thurrock in order to continue in the Essex Senior League. With the help of the local council Brentwood at last found a new home at The Brentwood Centre and the first game there was played on October 9th 1993.

The most famous player ever to have played for Brentwood was Jimmy Greaves who played his first match on 27th December 1975 but failed to keep his record of scoring on every debut as Brentwood lost 2-0 to Witham Town.

Derrick Stittle holds the record as the league's longest serving manager having been in charge from 1978 to 1999, one of the longest reigns in the history of English non-league football. In 1995/96, in their second season in the F.A. Vase, Brentwood reached the third round, further than any other Essex Senior League club. They also won the Harry Fisher Cup after a penalty shoot out with Fords at Barking F.C.

The two managers, Flanagan and Dafter, both moved on after this success and the Club appointed Dean Holdsworth as their new manager. Dean played for Wimbledon and Bolton Wanderers and had previously managed at Redbridge, Newport County, Aldershot Town and Chelmsford City. But in November 2015, Dean stood aside due to increased business commitments and the experienced George Borg was appointed as his successor. However, George also had business commitments and was quickly succeeded by Mike Flanagan assisted by Chris Smith. However, the team were relegated from the Ryman Premier Division at the end of the season.

As the Club began a new era in Ryman North, former Wadham Lodge manager Tony Ievoli was appointed for the 2016/17 campaign. Tony stood down in March 2017 and Craig Shipman took over as manager and steered the team away from relegation for next two seasons, followed by a mid-table finish in 2018/19.

The 2019/20 season saw a new committee and a new manager in Ryan O'Rawe, a former Brentwood player who returned in a player/manager role. But the Club parted company with Ryan in February 2020 with Adam Flanagan returning for a second spell as manager and after the cancelled 2020/21 Adam continues into the 2021/22 season.
